

Panel & Attendees discussion

2024-02-05

(if still present and want to join)

Francesco C., Bernhard B., Arne S., Gerhard S., Oliver L.

We would also like the attendees to answer these questions (or ask new ones at the end) if they want as we would get an idea on what people are expecting from OpenModelica

- § What should the focus be for OpenModelica in the next 5 years?
 - § GUI?
 - § FMI 3.x / eFMI export/import?
 - § Library coverage?
 - § Scalability?
 - § Web-based/Cloud support?
 - § Parallelization/distributed simulation?
 - § Scripting & pre/post processing?
 - § Co-simulation, SSP (OMSimulator)?
 - § Digital Twins/IoT?
 - § AI integration?
 - § Library Encryption support?
 - § Teaching and education?
 - § Stability, robustness of tools (OMEdit, omc, etc)?
 - § Understanding complexity of the models?

- § Future Directions of OpenModelica - Next 10 years

- § Questions from the audience?
